**I CARE ABOUT YOU &
YOUR NEIGHBORHOOD!**

Dear Neighbor and Friend,

Your family and neighborhood are the most important issues in the 2007 Salt Lake City Council election.

You make our community what it is – and what it will become. People and homes create neighborhoods, which support local businesses and create a tax base to provide city services. The quality of your neighborhood affects your house value, your family's safety and quality of life.

As your Salt Lake City Councilwoman neighborhoods lead my agenda. I want to keep our neighborhoods strong and vibrant and I am asking for your help.

**VOTE FOR NANCY
Tuesday, Nov. 6th**

Why the focus on neighborhoods?

- I served as a **community council leader** for my neighborhood, we focused on local needs – traffic flow, school crossings, zoning, area cleanups, crime prevention, historic preservation, and home rehabilitation.
- As an owner of a small **locally owned business**, I worked in my neighborhood on issues of concern to homeowners, residents, and other businesses.
- As a **City Council member** I have seen how protection of our environment, convenient mass transit and insuring safety adds to quality of life for all citizens.

I am requesting your support in this City Council election. I have seen first hand what neighbors can do when we work together. We can bring our community into City Hall.

*Together we will take our neighborhoods to City Hall!
Thanks you for your support.*
